ARTICLES AND ABSTRACTS BY SUBJECT

(In each reference the first number indicates the issue in which the article or abstract appeared; the page numbers follow.)

ABSENTEEISM
- IHCS: Benefits and costs to industry. 19:63–70
- Sickness absence levels and personality inventory scores. 12:102–103

AGED POPULATION (See Population, Rural Population)

AGING (See also Learning, Psychology of)
- Adult age differences in free classification and free recall. 12:93–94
- Age and physical capacity to work. 12:20–28
- Age changes and cohort differences in personality. 15:86–87
- Age differences and psychological estimates of abilities and skills. 13:75–96
- Age, functional capacity and work: an annotated bibliography. 19:80–98
- Age: Getting there ahead of time. 13:147–148
- Age, intelligence and learning. 12:29–41
- Age, physical ability and work potential. 13:163–164
- Age, sex and task difficulty as predictors of social conformity. 14:90
- Age 65: Too young to retire? 13:132–133
- Ages of man: Ability age, personality age and biochemical age. 12:96–97
- Aging and preference for later retirement. 13:141–142
- (The) aging worker and the union: employment and retirement of middle-aged and older workers. 12:108–109
- Approaching retirement age: attitudes toward older workers and retirement policies in three companies. 16:1–13
- (The) effect of flexibility-rigidity and age on adaptability in job performance. 13:105–121
- Effects of age and socioeconomic status differences on the sixteen personality factor questionnaire scores. 12:96–97
- Film note: GULHEMP: Age and ability to work. 12:110–112
- Geropsychology. 13:140
- Health, age and employment. 12:1–7
- IHCS: Physical capacity, age and employment. 19:49–62
- (An) interdisciplinary, noncredit community course in adult development and aging. 13:152–153
- (The) middle years. 13:160–162
- (The) need for functional age measurements in industrial gerontology. 19:1–19
- Older worker utilization patterns: a human capital approach. .. 13:6–28
- Organization and memory in adulthood. 12:95
- (A) pilot center for workers in mid-career. 17:67–71
- (The) relationship between age and motivation to perform on the job. 16:30–36
- Simplification of human abilities with age in four social class groups. 12:96–97
- Trends in the relative status of the aged. 16:94–95
- Work and aging: an international perspective. 14:94–100
- Work potential of the aging. 12:97–99

AUTOMATION (See Technological Change)

BIBLIOGRAPHY
- Age, functional capacity and work: an annotated bibliography. 19:80–98
- Age and physical capacity to work. 12:20–28

Learning ability and age: a bibliography for training programs. 12:50–68
Second careers—a growing trend. 17:1–8

CAREER CHANGE
(The) case of military "retirement." 17:18–37
Changing careers after thirty-five: new horizons through professional and graduate study. 13:157–159
(The) external degree program: one avenue to a second career. 17:61–66
Implications of job displacement at mid-career. 17:38–46
Men in mid-career: a study of British managers and technical specialists. 13:150–151
Nurses come lately: the first five years of the Quo Vadis School of Nursing. 12:104–105
Personality and career change. 17:9–17
(A) pilot center for workers at mid-career. 17:67–71
Second careers—a growing trend. 17:1–8
Unemployment and mid-career change: a blueprint for today and tomorrow. 17:47–59

COST OF LIVING
(The) crisis in retirement finance: the views of older Americans. 15:87–88

COUNSELING (See Discrimination, Employment Services, Retirement)

DISABILITY (See also Workmen's Compensation)
Vocational rehabilitation for older disabled people. 13:97–104

DISCRIMINATION IN EMPLOYMENT
(The) Age Discrimination in Employment Act: highlights from a management seminar. 18:1–52
(The) Age Discrimination in Employment Act of 1967. 15:1–11
Age discrimination in employment testing. 12:42–46
Age discrimination in Great Britain. 15:12–19
Age discrimination law: rights and responsibilities of employers and individuals. 18:53–64
Greyhound Lines found in violation of Age Discrimination in Employment Act. 16:52–54
House rejects age discrimination in employment. 13:128–130
Legislative note: major expansion of ADEA approved by Senate. 18:66–68
Managing the older worker out of the labor market: the West German experience. 16:37–50
Pension provisions affecting the employment of older workers. 19:112–114
Summary of provisions under state laws on age discrimination in employment. 18:69–82

EARLY RETIREMENT
Approaching retirement age: attitudes toward older workers and retirement policies in three companies. 16:1–13
What we can learn from Japanese management. 12:89–90

EDUCATION AND TRAINING (See also Employment Services, Learning, Psychology of)
Continuing education as a national capital investment. 14:101–102
(The) external degree program: one avenue to a second career. 17:61–66
Facilitating adaptation to change: a case study in retraining middle-aged and older workers at *Aer Lingus*. 15:20–39
(The) final plateau. 13:136
(An) interdisciplinary, noncredit community course in adult development and aging. 13:152–153
(An) inter-union pre-retirement training program: results and commentary. 13:49–64

Learning ability and age: a bibliography for training programs. 12:50–68
Managing the older worker out of the labor market: the West German experience. 16:37–50
Mid-career education for municipal clerks. 13:143–144
New training program for older worker specialists. 13:125–127
Nurses come lately: the first five years of the Quo Vadis School of Nursing. 12:104–105
Training and counseling of the older worker. 16:93
Vocational rehabilitation for older disabled people. 13:97–104

. EMPLOYMENT (See also Labor Force, Part-time Employment)
(The) Age Discrimination in Employment Act. 15:1–11
(The) aging worker and the union: employment and retirement of middle-aged and older workers. 12:108–109
Employment and retirement: roles and activities. 15:88–90
(The) employment experience of displaced federal employees in New England. 13:137–138
(The) final plateau. 13:136
Health, age and employment. 12:1–7
IHCS: Physical capacity, age and employment. 19:49–62
(The) middle years. 13:160–162
Older worker utilization patterns: human capital approach. 13:6–28
(A) pilot center for workers at mid-career. 17:67–71
(The) Trade Expansion Act: an untapped resource for the middle-aged and older worker. 13:29–48
Up against the middle age barrier: an inquiry into the employment problems of Oregonians between 45 and 65 years of age. 16:80–82
Work and aging: an international perspective. 14:94–100
Work in America. 19:100–103

EMPLOYMENT SERVICES (See also Testing)
Age, functional capacity and work: an annotated bibliography. 19:80–98
(The) final plateau. 13:136
IHCS: A help in meeting health and safety standards. 19:48
IHCS: An interview with three participating employers. 19:71–79
IHCS: Benefits and costs to industry. 19:63–70
IHCS: Physical capacity, age and employment. 19:49–62
(The) Industrial Health Counseling Service: the application of a unique industrial health system. 19:38–47
Learning, memory and age. 19:20–37
(The) need for functional age measurements in industrial gerontology. 19:1–19
New training program for older worker specialist. 13:125–127
(The) Trade Expansion Act: an untapped resource for the middle-aged and older worker. 13:29–48
Vocational rehabilitation for older disabled people. 13:97–104

FRINGE BENEFITS (See Supplemental Benefits)
FUNCTIONAL CAPACITY
Age and physical capacity to work: a bibliography. 12:20–28
Age differences and psychological estimates of abilities and skills. 13:75–96
Age, functional capacity and work: an annotated bibliography. 19:80–98
Age, physical ability and work potential. 13:163–164
Ages of man: ability age, personality age and biochemical age. 12:96–97
IHCS: An interview with three participating employers. 19:71–79
IHCS: Benefits and costs to industry. 19:63–70
IHCS: Physical capacity, age and employment. 19:49–62

(The) Industrial Health Counseling Service: the application of a unique industrial health system. 19:38–47
(The) need for functional age measurements in industrial gerontology. 19:1–19
NIIG conference on middle-aged and older workers: costs and benefits to management. 16:55–60

HEALTH (See also Disability)
Health, age and employment. 12:1–7
Health on the threshold of retirement. 12:16–19
Health patterns of aged migrant retirees. 13:139
IHCS: A help in meeting safety and health standards. 19:48
IHCS: An interview with three participating employers. 19:71–79
(The) Industrial Health Counseling Service: the application of a unique health system. 19:38–47
(The) Occupational Safety and Health Act of 1970. ..... 12:80–82
Sickness absence levels and personality inventory scores. 12:102–103
Some medical aspects of unemployment. 12:8–15

INCOME
Blue-collar/white-collar pay trends; earning and family income. 12:86–88
Compulsory retirement among newly entitled workers: a survey of new beneficiaries. 14:92–93
(The) crisis in retirement finance: the views of older Americans. 15:87–88
Income maintenance reform issues with respect to the aged. .. 13:149
(The) middle years. 13:160–162
(The) retirement dilemma. 14:1–88
Union relative wage effects by age and education. 17:77–78

JOB PERFORMANCE
Age and physical capacity to work. 12:20–28
Age, functional capacity and work: an annotated bibliography. . 19:80–98
Age, physical ability and work potential. 13:163–164
(The) effect of flexibility-rigidity and age on adaptability in job performance. 13:105–121
GULHEMP: Age and ability to work. 12:110–112
IHCS: An interview with three participating employers. 19:71–79
IHCS: Physical capacity, age and employment. 19:49–62
(The) Industrial Health Counseling Service: the application of a unique industrial health system. 19:38–47
(The) need for functional age measurements in industrial gerontology. 19:1–19
(The) relationship between age and motivation to perform on the job. 16:30–36
Test discrimination, job performance and age. 16:22–29
Work in America. 19:100–103
Work potential of the aging. 12:98–99

JOB REDESIGN
Age, functional capacity and work: an annotated bibliography. . 19:80–98
Facilitating adaptation to change: a case study in retraining middle-aged and older workers at *Aer Lingus*. 15:20–39
(The) final plateau. 13:136
(The) need for functional age measurements in industrial gerontology. 19:1–19
NIIG conference on middle-aged and older workers: costs and benefits to management. 16:55–60
Work in America. 19:100–103

JOB SATISFACTION
Where have all the robots gone? Worker dissatisfaction in the '70s. 16:75–79
Work in America. 19:100–103

LABOR FORCE (See also Population)
Aging and society. Vol. 3: a sociology of age stratification. Chapter 5: the work force. 16:83–86
(The) middle years 13:160–162
(The) retirement dilemma. 14:1–88

LEARNING, PSYCHOLOGY OF
Age, intelligence and learning. 12:29–41
Learning ability and age: a bibliography for training programs. 12:50–68
Learning, memory and age. 19:20–37

LEISURE (See also Retirement)
(The) final plateau. 13:136
Retirement and leisure participation: continuity or crisis? 12:100–101

MOBILITY (See also Plant Shutdown)
Implications of job displacement at mid-career. 17:38–46

OCCUPATIONS
Accelerating obsolescence of older engineers. 12:84–85
Blue-collar/white-collar pay trends; earning and family income. 12:86–88
(The) case of military "retirement." 17:18–37
Characteristics of jobless engineers. 16:88
Effects of age and socioeconomic status differences in the sixteen personality factor questionnaire scores. 12:96–97
Factors in retirement adjustment: white-collar/blue-collar experience. 12:69–74
Men in mid-career: a study of British managers and technical specialists. 13:150–151
Mid-career education for municipal clerks. 13:143–144
(The) middle years. 13:160–162
Nurses come lately: the first five years of the Quo Vadis School of Nursing. 12:104–105
Occupational psychology. 13:154–156
(The) Occupational Safety and Health Act of 1970. ..... 12:80–82
Perspectives of military and civilian retirement. 12:91–92
Psychosomatic problems of military retirement. 12:91–92
(The) retirement dilemma. 14:1–88
Simplification of human abilities with age in four social class gróups. 12:96–97
Technology and managerial obsolescence. 13:145–146
Willingness to retire in relation to job strain and type of work. 13:65–74

PENSIONS
Approaching retirement age: attitudes toward older workers and retirement policies in three companies. 16:1–13
Conference highlights pensions vesting controversy. 15:76–80
Employee-benefit plans. 19:111–112
(The) impact of private pension plan terminations. 17:72–74
Pension provisions affecting the employment of older workers. . 19:112–114
Pensions and the single woman. 15:52–62
Preservation of pension benefit rights. 19:106–108
(The) private pension controversy. 19:103–106
Radical departure needed in pension legislation. 16:90–91

(The) role of savings and pension systems in maintaining living standards in retirement. 16:91–93
Survivor's pensions: an emerging employee benefit. 19:114–115
Terminated UAW pension plans: a study. 15:40–51
Women's rights and widow's pensions. 16:95–96
You and your pension. 16:71–74

PLANT SHUTDOWN
(The) effect of advance notice in a plant shutdown: a study of the closing of the Kelvinator Plant in London, Ontario. 12:106–107
(The) Trade Expansion Act: an untapped resource for the middle-aged and older worker. 13:29–48

POPULATION
Life after 70 in Iowa: a restudy of participants in the 1960 survey of the aged. 16:89–90

RETIREMENT (See also Early Retirement, Employment)
Age 65—too young to retire? 13:132–133
Aging and preference for later retirement. 13:141–142
(The) aging worker and the union: employment and retirement of middle-aged and older workers. 12:108–109
Approaching retirement age: attitudes toward older workers and retirement policies in three companies. 16:1–13
(The) case of military "retirement." 17:18–37
Compulsory retirement among newly entitled workers: survey of new beneficiaries. 14:92–93
Compulsory versus flexible retirement: issues and facts. 17:80–82
(The) crisis in retirement finance: the views of older Americans. 15:87–88
Employment and retirement: roles and activities. 15:88–90
Factors in retirement adjustment: white-collar/blue-collar experience. 12:69–79
Factors in the preparation for retirement by middle-aged adults. 14:91
(The) final plateau. 13:136
Health on the threshold of retirement. 12:16–19
Health patterns of aged migrant retirees. 13:139
How to prevent retirement shock. 16:89
(An) inter-union pre-retirement training program: results and commentary. 13:49–64
(The) next decade: retirement benefit trends. 17:76–77
Perspectives of military and civilian retirement. 12:91–92
Psychosomatic problems of military retirement. 12:91–92
Retirement. 16:67–70
Retirement and leisure participation: continuity or crisis? 12:100–101
Retirement and role-playing. 15:90–91
(The) retirement dilemma. 14:1–88
(The) retirement of academic scientists. 13:134–135
(A) social policy framework for pre-retirement planning. 15:63–70
Some attitudes towards retirement among middle-aged employees. 19:110–111
(The) United Nations considers compulsory retirement. 15:72–75
What we can learn from Japanese management. 12:89–90
Willingness to retire in relation to job strain and type of work. 13:65–74

SOCIAL SECURITY
(The) crisis in retirement finance: the views of older Americans. 15:87–88
Legislative note: future directions in Social Security. 16:61–65
Legislative note: Social Security and welfare reform. 15:81–84

SUPPLEMENTAL BENEFITS
Employee-benefit plans, 1971. ..... 19:111–112
(The) next decade: retirement benefit trends. 17:76–77
TECHNOLOGICAL CHANGE
Accelerating obsolescence of older engineers. 12:84–85
Managing the older worker out of the labor market: the West German experience. 16:37–50
NIIG conference on middle-aged and older workers: costs and benefits to management. 16:55–60
Obsolescence or lifelong education: a choice for the professional. 17:79–80
Technology and managerial obsolescence. 13:145–146
TESTING
Adult age differences in free classification and free recall. 12:93–94
Age changes and cohort differences in personality. 15:86–87
Age differences and psychological estimates of abilities and skills. 13:75–96
Age discrimination in employment testing. 12:42–46
(The) effect of flexibility-rigidity and age on adaptability in job performance. 13:105–121
Learning, memory and age. 19:20–37
Organization and memory in adulthood. 12:95
Selecting middle-aged foremen. 13:1–5
Sickness absence levels and personality inventory scores. 12:102–103
Test discrimination, job performance and age. 16:22–29
Testing the older trainee. 12:47–49
UNEMPLOYMENT (See also Plant Shutdown)
(The) employment experience of displaced federal employees in New England. 12:137–138
(The) impact of mass layoffs on older workers. 16:14–21
Implications of job displacement at mid-career. 17:38–46
Jobseeking methods used by unemployed workers. 17:78–79
Managing the older worker out of the labor market: the West German experience. 16:37–50
Pension provisions affecting the employment of older workers. 19:112–114
Some medical aspects of unemployment. 12:8–15
Unemployment and mid-career change: a blueprint for today and tomorrow. 17:47–59
WOMEN
(The) middle years. 13:160–162
Pensions and the single woman. 15:52–62
Women at work. 15:92–93
Women's rights and widows' pensions. 16:95–96
